Electrical Package Overview and Key Points – New for 2019

PACK EXPO Services is excited to announce that we have developed an electrical bundle for PACK EXPO Las Vegas/Healthcare Packaging EXPO 2019. The purpose of the bundle is to streamline the billing process, making it easier for exhibitors to budget and avoid surprises. Following is a recap of the program:

- · Cables, tape, cords and power strips will now be included in the outlet price which has been adjusted to bundle these into one rate. Custom material items like quad boxes, disconnects, transformers, or breaker panels etc. are not included in the bundle.
- · Exhibitors who order an outlet and incur labor charges will receive a 1-hour credit on inbound and ½ hour credit on outbound as part of the bundle. Regardless of total quantity of outlets ordered, the maximum credit per booth will be 1 hour on inbound and ½ hour on outbound.
- · The labor bundle adjustment will show as a credit on your final invoice for exhibitors who order an outlet and labor.
- · The labor credit will only be applied if additional booth work or floor work electrical labor is incurred as part of your electrical service. Examples include custom placement of an outlet, hanging of booth lights or equipment hookup.
- · The labor credit will not be applied to electrical labor charges incurred for Audio / Visual installation.
