

Change your Perspective™

The way you look at rental exhibits is about to change forever.

The Perspective™ Series line of exhibit rentals for PACK EXPO Services offers you unmatched quality, price and flexibility to effectively and affordably meet your exhibit goals.

An exhibit rental can be a great choice if you are a new exhibitor, exhibit only occasionally, or change your look often. You can also add Perspective™ rental elements to your existing exhibit for a larger presence on the show floor.

The Perspective™ Series from PACK EXPO Services can provide you with the exhibits of all sizes and designs in addition to the 10 foot and 20 foot wide options shown. With custom modular components, your exhibit can be customized built up to 12' in height and expanded to any width to fit your booth.

No longer are you boxed into the same configuration. Powered by the beMatrix system, these exhibit options have the look and design of a custom-build exhibit, while having the modularity and possibilities of a system.

The underlying structure is hardly visible, leaving more space for graphics and giving you a near seamless design. Imagine: the polished look of custom for the price of a rental.

Enable close-up networking around fresh looking counters or launch your product demo to new heights with a sleek and curvy configuration. Every Perspective™ Series exhibit can be customized to your specific needs.

Units include backwall with custom graphics printing, along with counters and shelves as shown. Call your Customer Account Manager to discuss adding carpet, cleaning, furniture, electrical and AV services.

It's time to change your rental exhibit Perspective™
