# Inbound Shipments

## INBOUND SHIPMENTS

The floor plan is color coded to indicate the freight receiving target date assigned to each booth. Please note that all exhibit halls are shown on this plan. Adhering to your assigned target date will save time and insure an efficient move-in.

The following tips will help you understand and use the floor plan and the freight target program:

- To determine your assigned target date and time, find your booth and match the color to the key.
- TARGET TIME IS FOR CHECK-IN AT THE MARSHALLING YARD ONLY. Actual unloading could take many hours. Target dates apply to machinery and display materials only. PES is not responsible for carrier wait time charges.
- Certified weight tickets will be required. Separate weights for display materials and machinery equipment are required.
- If materials are not properly identified, they will be classified as Display Material.
- Off target display material and machinery will be subject to overtime charges if unloaded on overtime.
- Target assignments have been determined by booth size and location on the show floor.
- If you ship your materials to PACK EXPO Services advance warehouse by Thursday, October 13, 2022, we will have your materials delivered to your booth on or prior to your assigned target date.
- Make certain that your shipping department, freight carrier, non-official contractor and/or display house receive copies of this page and map. Compliance with the installation target date will contribute greatly to cost and time efficient set-up.

## OUTBOUND SHIPMENTS

This floor plan is color coded to indicate the day your freight is scheduled to clear the exhibit hall.

- Your assigned target is the day your freight is to be removed from the exhibit hall. The PACK EXPO Services Marshalling Yard opens at 5:00 am for outbound shipments. All vehicles are handled on a first-come, first-served basis. Vehicles must check-in prior to 2:00 pm on their assigned target date.
- Exhibitors with an outbound target date of Saturday, October 29, 2022 must have their trucks checked-in by 9:00 am.
- Exhibitors are assigned a one (1) day outbound targeted move-out. If you need more than one (1) day, contact PACK EXPO Services.
- If the carrier's name listed on the outbound material handling agreement does not match the name of the carrier that checks-in to pick up your company's freight, it will not be released.
- All drivers will be required to fill out an "Outbound Driver Information Sheet" before checking-in at the marshalling area office to load out. (This Form is for outbound only.)
- Exhibitor Freight: Exhibitor freight is under your care and responsibility until your carrier is pulled up to the dock and PES comes to your booth and picks up the freight. With a show this size and the amount of freight that is on the show floor at one time, staying with your freight is the best way to ensure that it is all loaded properly without damage. If you have multiple trucks, you must remain with your freight to insure all your freight is loaded properly and correctly to the designated trucks. If you choose to leave the show floor prior to your freight being picked up by PES and loaded onto your carrier's truck, you do so at your own risk. PES will not be responsible for any misloaded freight or damaged freight if the exhibitor is not there to supervise your freight being loaded. Please advise your carrier/carriers they must get out of their truck and supervise the loading of your freight. If they do not get out of their truck to supervise the loading, then your freight will not be loaded onto their truck.
