**EXHIBITOR FREIGHT: Exhibitor freight is under your care and responsibility until your carrier is pulled up to the dock and PES comes to your booth and picks up the freight. With a show this size and the amount of freight that is on the show floor at one time, exhibitors must stay with their freight to make sure it is all loaded properly without damage. If you have multiple trucks, you must remain with your freight to insure all your freight is loaded properly and correctly to the designated trucks.**

If you choose to leave the show floor prior to your freight being picked up by PES and loaded onto your carrier's truck, you do so at your own risk. PES will not be responsible for any misloaded freight or damaged freight if the exhibitor is not there to supervise your freight being loaded.

Please advise your carrier they must get out of their truck and supervise the loading of your freight. If they do not get out of their truck to supervise the loading, then your freight will not be loaded onto their truck. Your carrier is responsible for securing the freight on the truck.
